ASH JEWELLERY

FUNERAL ACCESSORIES

Shaw's Funeral Products, a division of Shaw & Sons, founded in 1750, are suppliers of high quality commemorative items and specialist accessories for funeral professionals.

Foremost is a range of unique ornamental ash caskets in a variety of materials and styles, from the traditional to the ultra-modern. Most of these exquisite items are hand made by craftsmen and all pass stringent quality tests to ensure that they are amongst the finest urns available anywhere. Miniature keepsake versions of many of the urns, as well as several additional styles, are available for use where ashes are to be retained by more than one relative or friend of the deceased.

Also featured is a high quality ash jewellery collection to contain mementos of loved ones.

Finally for the bereaved is a series of beautiful memorial books in a choice of styles, to record tributes to the deceased.

For funeral professionals themselves, an extensive range of practical products is included within these pages to help make the service they offer their customers smoother and more efficient.

REMEMBRANCE ITEMS

The following pages feature our range of exquisitely crafted cremation urns. These beautiful pieces come in a wide variety of materials and in styles that range from the traditional to the ultra-modern.

Every urn is meticulously checked to ensure it is of the highest quality and blemish-free.

Many of the following urn designs are patented to ensure that they cannot be copied; however, it has not been possible to patent all the designs and buyers should be aware that similar products available elsewhere may not be made to the same exacting standards.

All urns shown here are available from stock. However, we are able to supply a great many other styles to special order: our complete range can be seen on our website www.shawfuneralproducts.co.uk

This icon symbolises that the item is part of the LoveUrns™ collection, a high-quality designer range of brass urns.

UFU-TD003K • 0.1L • 8CM • 0.3KG

In textured gold or smooth silver finish, these brass urns symbolise the tears that accompany the passing of a loved one. As they are not immediately recognisable as urns, they are perfect for placing in a prominent position within the home. Teardrop urns seal using a screw-in plug at the base.

*Please note that even the largest urn in this style is of small capacity and may not contain a full set of adult ashes.
For more information on capacity, see page 32.*

"Ceramic Chameleon"

• 4.2L • 33CM • 3.1KG

UFU-KU512 Colour: Bronze gold
UFU-CA001 Colour: Pearlescent purple

The ceramic Chameleon urn is arguably the most stunning of the entire range. It is finished with a shimmering metallic paint. These urns have plugs at the bottom which will need to be sealed with the supplied adhesive otherwise they will not stay in place.

• 3.8L • 30CM • 3.8KG

A glazed ceramic shell gently encases a delicate motif which is illuminated by two LED lights (battery operated). UFU-RVS LOTUS

“Lotus Flower”

• 3.7L • 34CM • 5.5KG

Colour: Stainless steel

This stainless steel lotus flower is simply breathtaking... Its sculptural petals surround a central ashes chamber with a circular plate which seals upon assembly with the use of a double-sided adhesive pad. This urn is suitable for outdoor use.

Ceramic Urns

Differing ingredients, colours and firing processes make for a beautiful range of ceramic urns.

The classic qualities of fired ceramic make this range of urns an attractive yet durable choice.

Most ceramic urns have plugs at the bottom which will need to be sealed appropriately otherwise they will not stay in place.

The KU304 has a plug at the top. To seal, apply supplied adhesive around the inner rim of the plug and press into place.

Marble Urns

The stone that is used for these marble urns comes from highly-prized stone caves in Asia. Each urn is finished and polished by hand. As marble is a natural product, no two marble urns will ever be the same. Marble urns feature lids which rest atop the urn. Lids can be glued in place to permanently seal the urn. Marble urns are suitable for keeping outdoors but must be suitably sealed to prevent ingress of water.

Titanium Jewellery

The titanium keepsake pendants offer not only striking design, but amazing wearability for both men and women. As lightweight as they are lustrous, these beautiful pieces are crafted from highly durable titanium. Prized for its health benefits as well as its long-lasting beauty, titanium is stronger than steel yet surprisingly lightweight. Titanium is non-magnetic and hypoallergenic, which makes this unique material ideal for everyday wear.

Necklace chain links are not adjustable.

A titanium chain is included with all orders of titanium pendants.

Provide a lasting memory with our stylish collection of remembrance books.

Traditional Collection – Looseleaf

We offer a range of beautifully designed books of condolence with a choice of page styles: either sensitively-worded text in ornate type, lined or completely plain paper. In each case the paper is a traditional parchment type. The looseleaf formats make the pages interchangeable so that, for example, additional plain or lined pages can be added to the text pages to cater for larger funerals.

All books measure 292mm x 203mm.

Ornate text pack inserts are issued with every order unless otherwise advised. They consist of 22 pages of text, the contents of which are as follows:

This Memorial Book...; In Memory; Services; Services (Mass); Sermon Notes; Music; Bearers; Final Resting Place; Family Record; Relatives & Friends x 6; Floral Tributes x 2; Spiritual Bouquets; Newspaper Clippings; Tokens of Sympathy; Notes & Reminders x 2

Extra plain or lined sheets of paper (packs of 35 sheets) are available at a cost of £10.00 per pack.

If your goods are faulty we will offer a prompt replacement. This does not apply to faults caused by accident, neglect or misuse. We must be notified of the fault within 48 hours of receipt.

Returning non-faulty goods

If you return your goods in their original condition within seven days of receipt, we will be able to offer an exchange or we will refund your money. Any refund made will be subject to a minimum 10% / £20.00 (whichever is the greater) re-stocking fee. The cost of the original postage of the item will also be deducted from the refund.

Please note that we are unable to offer a refund for, or exchange, an item if it has been specially ordered for you. Please package any returned items carefully and return them, for your own protection, via a recorded and insured method of carriage. The cost of returned items is the responsibility of the customer unless the goods are found to be faulty or delivered to you in error.

Special Order Urns

All of the urns shown in this brochure are available for immediate dispatch from stock. However, we are able to supply a great many other styles to special order. Our complete range can be seen on our website www.shawfuneralproducts.co.uk.

Special order urns are subject to longer lead times. The website makes it clear for each special order item what the lead time will be. Normally special order urns are dispatched within 1-3 weeks.

What Size Urn to Order?

The average sized adult in life will create about 3.5 litres of cremated remains. Most of our adult urns have a standard capacity of 3 litres or above, although some have much larger capacities (see note below).

How much ash is left after cremation?

Industry guides says that for every pound of body weight, allow one cubic inch of cremated remains. Standard size urns have approximately 200 cubic inches or 3.5 litres of internal volume and are suitable for an average adult. 1 litre is 61 cubic inches and 1 cubic inch is 0.0164 litres.

Example

1 pound = 1 cubic inch of ashes

14 stone = 196 pounds

196 cubic inches x 0.0164 litres = 3.2144 litres of ashes

The table below shows the urn capacity required for a full set of ashes for different body weights.

Body weight	Cremins created		
10 stone	2.296 litres	15 stone	3.444 litres
11 stone	2.526 litres	16 stone	3.674 litres
12 stone	2.755 litres	17 stone	3.903 litres
13 stone	2.985 litres	18 stone	4.133 litres
14 stone	3.214 litres	19 stone	4.362 litres
		20 stone	4.592 litres

Extra Large Capacity Urns

The funeral industry offers a wonderful array of cremation urns, but most are only suitable for containing capacities of cremated remains up to approximately 3.5 litres (which will hold the ashes of an average-sized adult). Shaw's Funeral Products are delighted to offer a number of styles which can contain greater capacities of cremains.

Extra large capacity urns are featured on our website in a dedicated category "Cremation urns (extra large capacity)". Within this category, a total of 22 extra large capacity urn styles are available from stock for immediate dispatch, while a wider range of urns are available to special order (with a lead time of approximately 10 working days).
